CHAPTER ONE

MEET THE SHATTERPROOF GLASS.

In 2008, we introduced California wineries to Govino – a one-of-a-kind, shatterproof alternative to the traditional wine glass.

Designed for settings where breakable stemware was prohibited (or even dangerous), Govino was quickly adopted by winemakers and sommeliers alike.

Today, Govino can be found on shelves across the globe and in hands on patios, by pools and beaches, along hiking trails, and just about anywhere you're willing to take it.

This catalog is dedicated to our wholesale partners in South Africa – our four flagship Tritan™ products paired with tiered case pricing.

Sip, savor, repeat.

OUR VISION.

"We're bridging the gap between elegant and accessible — bringing resilient-yet-ritzy glassware to everyone, everywhere."

Because every occasion should be celebrated in style, no matter where it happens.

TRADEMARKED THUMBNOTCH

REDEFINING GLASSWARE.

Specially crafted with premium Tritan™, Govino pioneered a new category of high quality, shatterproof, "go anywhere" drinking glasses. Every glass is engineered with sommelier-level clarity to properly reflect the flavor profile of any drink, and a polished lip to make every sip feel smooth and cinematic.

A NOTCH ABOVE THE REST.

Govino's trademarked thumb notch is a distinct and instantly recognisable hallmark of every glass. A triumph of both style and function, this ergonomic feature is the core of our iconic silhouette and a stamp of our innovation.

CHAPTER THREE

THOUGHTFULLY CRAFTED.

Designed to feel as good in the hand as it does on the lips.

"Sips so smooth you'll forget it's not real glass."

01

STYLE MEETS STRENGTH.

Shatterproof, BPA-free, food safe, and dishwasher safe — the world's safest, toughest, most versatile glass.

02

EASY ON THE EYES.

Effortlessly chic, our trademarked thumb notch makes every glass distinctly Govino.

03

KISS SHARP EDGES GOODBYE.

A perfectly polished lip for sips so smooth you'll forget it's not real glass.

04

USE AGAIN AND AGAIN.

Hundreds of dishwasher cycles. Even longer hand-washed. A lot of happy hours.

REVIEWS

“

These are the best shatterproof wine glasses I've ever seen. The little rift at the side is perfect for comfortably fitting in your hand.

— MARY

“

These are the BEST drinking vessels... light, unbreakable, looks just like glass!

— DEBORAH

“

These glasses are as practical as they are attractive. I find myself using them indoors and out. Dishwasher safe is a major plus.

CARE & USE GUIDE

BUILT TO LAST HUNDREDS OF CYCLES.

Our dishwasher safe products can be washed in home and commercial dishwashers. To prevent clouding and smudging, we recommend using a soft, non-abrasive sponge to remove lip gloss and sunscreen before placing your Govino in the dishwasher.

To protect against deformation, avoid squeezing Govino between heavier glass items in the dishwasher.

To dry, buff with a lint-free cloth or paper towel. We recommend turning off the extended heated drying cycle.
